REPUBLICATION REQUEST

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The application as published does not correspond to the application as filed. Indeed, it appears that instead of using the text and drawings of the application as filed to create the published application, that the USPTO managed to use the text and drawings of a document submitted with an IDS filed in this application as the text and drawings for the published version of this application.

Since the USPTO published the wrong text and drawings for this application, republication with the correct text and drawings is respectfully requested.
